Left handed, galloping. One of the fairest courses in the country, essentially flat with the exception of a slight uphill gradient about 10 furlongs from the finish. Races between 5f and 7f are run on the straight course, while there is also both a straight and round 1m course. It is a free-draining course, underfoot conditions only occasionally being soft/heavy.

**Coldest Trainers**

No trainers meet the Cold criteria on this card.
No horse can be expected to run to its best form under unsuitable conditions. The ratings on their own should not necessarily be taken to indicate a selection. No horse can be expected to run to its best form under unsuitable conditions.

**TIMEFORM RATINGS** indicate the chances of the runners based on Timeform’s interpretation of their form. The ratings on their own should not necessarily be taken to indicate a selection. No horse can be expected to run to its best form under unsuitable conditions. **PREDICTIVE RATINGS** for unraced horses appear in brackets. A **RATINGS SUMMARY** appears below each rating. It shows how each runner has performed in up to its last eight races (most recent at the top).

The **COMMENTS** contain a wealth of detail about each horse’s record, what sort of form it is in, ground and distance requirements, temperamental characteristics, favoured tactics, and so on. Taken as a whole, the comment should suggest how likely the horse is to reproduce, or improve upon, the level of form indicated by the rating.

**THE FLAGS**

- **Horse In Focus**
  - Noted in positive terms on its previous outing by our race analyst, marking it out as a horse to look out for.
  - Pinpointed as potentially representing poor value, primarily on account of doubts as to the strength or reliability of its recent form.
  - The horse is of particular interest based on its recent sectional times.
  - Determines the suitability of this track for the horse by comparing its lifetime record against the Timeform digital course data.
  - Highlights a noteworthy stable switch in that the horse’s new trainer has a significantly higher Timeform Trainer Ranking than the one for whom it last ran.
  - The engaged rider has a notably higher Timeform Jockey Ranking than those who’ve ridden the horse on its most recent starts.
  - An assessment of the trainer’s recent form, based on Timeform ratings-related measurement.

GUIDE TO ABBREVIATIONS & SYMBOLS

RATING SYMBOLS
The following symbols sometimes appear alongside (or instead of) a rating:

p the horse is likely to improve
P the horse is almost certainly capable of much better
? the rating is suspect or (used alone) the horse can't be assessed with confidence
+ the horse may be better than rated
$ the horse is unreliable (for temperament or other reasons)
$§ the horse is so temperamentally unsatisfactory as not to be worth a rating

RATINGS SUMMARY
The first column indicates the distance—rounded to the nearest tenth of a furlong (a prefix indicates the race was not run on turf; f-fibresand; p-polytrack; t-tapeta; a-other artificial surface)—and going; f-firm (or fast); m-good to firm; g-good (or standard); d-good to soft or dead; s-soft (slow, sloppy or muddy); v-heavy. Timeform uses its own assessment of the going, which may not coincide with the one given by the racecourse.

The second column shows the Timeform Computer Timefigure recorded.

The third column shows the Timeform rating achieved. Both the timefigure and rating are adjusted to today's weights.

The fourth column shows the BHA or Irish Turf Club mark if the race was a handicap. For other types of races the abbreviations are G1-Group 1; G2-Group 2; G3-Group 3; L-Listed; W-weight-for-age/conditions; M-maiden; N-nursery; S-seller; C-claiming event, A-amateur, ladies event, etc

COLOUR/SEX/PEDIGREE
Colours: b-bay; bl-black; br-brown; ch-chestnut; gr-grey; ro-roan.
Sex: c-colt; f-filly; g-gelding; h-horse; m-mare; r-rig.

This information is followed by the horse's sire, its dam and the dam's sire, each shown with its highest annual Timeform rating.

OTHER INFORMATION
The TRW figures (which appear for non-handicap races) are the weight-adjusted Timeform ratings which the winners have achieved in the same race in the five previous years.

The PACE FORECAST (available only in declared Race Cards) uses early positional figures (as noted by Timeform's race analysts) from all of the horses' recent records to establish the likely pace of a race.

If the effect of the DRAW—derived from a representative sample of handicaps at the course and distance recently—is likely to be worth considering then the extent of the potential advantage (or disadvantage) is noted. The terms low, middle and high are contextual and refer to 'thirds' of the field, so a horse drawn 8 in a nine-runner race is considered to be drawn high while one drawn 8 in a 24-runner race would be drawn low.

RECENT WINNERS shows the year (I and II represent divisions of the same race), TRW, the winner, its age, weight carried, official mark (handicaps only), industry SP, trainer, jockey, draw (Flat only) and number of runners.

COURSE-TO-COURSE RATINGS are usually included in declared Race Cards for other Flat meetings taking place at the same time.

tall, attractive filly; smart performer; won listed race at Goodwood in May and Lancashire Oaks at
Haydock (by neck from Dramatic Queen) in July; 7/2, followed up in 7-runner Lillie Langtry Stakes
at Goodwood last time by 5 lengths:
clear: likely to do even better.
Royal blue, white epaulettes, striped cap (Mr Hamdan Al Maktoum)

TRAINER:
John Gosden

JOCKEY:
Frankie Dettori

WON 6/5

Stood clear impressively over half a furlong shorter on
similar ground in previous race. Whilst not top rated on
form, was clearly noted as potentially doing better still as a
‘Horse In Focus’ and duly completed a hat-trick of Group 2
wins, just over a year since her racecourse debut.
